

KD-120: Chlorinated All-Purpose Cleaner

KD-120 is a high-powered, non-caustic, general purpose cleaner with a bleach additive for extra-effective cleaning of floors, walls, cabinets, ceilings, pens and crates in a variety of industries and facilities, including kitchens, food processing and animal control.

The chlorinated formula of KD-120 quickly attacks stains, dirt, soils with carbon, oils, fats and greases. It is also effective in removing mildew, mold, soap scum and tough odors.

KD-120 is biodegradable and contains Kärcher's exclusive pump and coil protection formula. KD-120 is safe to use on aluminum, stainless steel, glass, plastic and paint.

DIRECTIONS FOR USE:

For general use, mix with water at a 60:1 dilution rate. Adjust dilution depending on severity of cleaning situation. Pre-treat stubborn areas with a concentrated solution. Less detergent is needed when applied with a hot water pressure washer.

To Apply: Spray diluted solution onto surface and allow time to penetrate, but not dry. Apply detergent from the bottom up and rinse from the top down.

Always read the Material Safety Data Sheet.

TECHNICAL DATA

Specific Gravity: 1.03
Boiling Point: >212°F
pH (5% Solution): 10.7 - 10.9
Vapor Pressure: 23mm/hg@70°F
Vapor Density (Air=1): 1.2
Solubility in Water: Soluble
Reactivity in Water: None
VOC Content: 17 grams
Melting Point: 32°F
Foam Level: 250 ml
Total Alkalinity: 0.67 ml
Freeze Thaw Stable: Yes
Hard Water Stable: Yes
Insolubles: None
